But they may actually be critical to maintaining the plan's tax-favored qualified tax-exempt status. If a plan is disqualified, it can trigger serious problems. "We formerly had our employee benefit plan audit with one of the 'Big Four' national accounting firms, but knew that we were not getting the attention and service we needed. Making the switch to Gray, Gray & Gray was like night and day! We are getting the same degree of competence and experience, but with a much higher level of service. At much more reasonable fees, too!"
