Benefits Administration

9 Ways to Keep Your Benefit Plans Healthy

Employee benefit plans are a critical part of business, but they're also expensive and time-consuming to administer. Once a plan is in place, it's easy to turn your attention to other priorities and leave the plan on autopilot. But it's essential to keep your finger on the pulse of each plan. Otherwise, even if there are no compliance issues, your company could end up overpaying. Here are some points to consider when conducting a benefit checkup.

"We formerly had our employee benefit plan audit with one of the 'Big Four' national accounting firms, but knew that we were not getting the attention and service we needed. Making the switch to Gray, Gray & Gray was like night and day! We are getting the same degree of competence and experience, but with a much higher level of service. At much more reasonable fees, too!"
