Important Tax Deadlines for 2019

The Internal Revenue Service (IRS) has issued a list of important tax deadlines for 2019. We have organized them below in chronological order. Remember, the IRS takes these deadlines seriously, and so should you. No adjustments have been made at this time as a result of the current partial shutdown of the federal government.

As always, if you have any questions, need help filing your taxes, or are wondering what you will need to file, please contact Gray, Gray & Gray at (781) 407-0300.

It Takes More Than Numbers.

Gray, Gray & Gray has been Coan Oil's accounting firm since 1945...

"We were one of their first clients and the fact that we are still with them today says a great deal about the relationship between our companies. For [over] sixty-five years they have helped keep us on track, growing and profitable. Gray, Gray & Gray not only knows our business inside and out, they understand the oilheat industry and how to make the most of our opportunities. We have always relied on Gray, Gray & Gray to keep us on top of the many changes occurring in the accounting

field as well as changes in the oil industry. Our relationship with Gray, Gray & Gray has strengthened from generation to generation, from my father who worked with the original Gray brothers to my own connection with the firm today. We count on them as more than just accountants, but as someone we can trust with everything from business strategy to financial planning. It's been a great partnership."
