### GG&G News - Employee Benefit Plan Audits

#### Gray, Gray, & Gray Ranked Among Fastest Growing Accounting Firms in U.S.

Gray, Gray & Gray has been named one of the fastest growing accounting firms in the United States by *Accounting Today* magazine. The 75-year old firm is ranked as 19th fastest growing firm in the country based on revenue growth.

"Our growth in 2015 was based on expanding services for our existing clients and the acquisition of new clients, which is a good indication that our approach of going 'beyond the numbers' is resonating in the market," said Joe Ciccarello, managing partner of Gray, Gray & Gray. "We are seeing many new clients who want to work with an accountant who has a local presence, can deliver national and international services, yet still provides the personal attention needed to build a trusted relationship. That combination has been our strength."

### Benefits Administration

#### Improved Workplace Injury Coding System Now Required

A change in the way workplace injuries are coded may save your company money. The previous system had grown obsolete and inflexible, allowing for too many mistakes. The updated coding system, known as ICD-10, eliminates many errors by incorporating greater specificity into the reporting process. Here's an overview of how ICD-10 works.

## Benefit Tax Issues

### Save Taxes While Controlling Employee Health Costs

**As an employer**, you are probably fed up with rising health care costs. Many employers have responded by rethinking the benefits they offer. There are ways to provide tax-advantaged health care to your employees, and at the same time, cut your overall costs. Here are three options to consider.
