Timely Opportunities

Consider Deploying a Red Team at Your Business

"Red teams" are often used in the military and in government agencies to expose areas of weakness and to improve effectiveness. They are also utilized in private businesses to help protect information technology systems. The idea is for a team to uncover security issues that can expose trade secrets, customers' personal information and cause operational disruptions. This article describes how to set up a team, manage it and gain valuable feedback that can improve your business.
