Employee Benefits

Find Problems With Benefit Plans Before the IRS Does

The IRS is conducting more audits involving qualified employee benefit plans. The ultimate punishment the IRS can impose is disqualification of a plan. There are also penalties and fees that can be devastating to a business. Fortunately, an employer might be able to identify and correct some problems before an

audit. Click "Full Article" for a list of compliance errors, along with IRS programs to fix inadvertent problems.

Benefits Administration

Employers Want More Productive Workplaces

Businesses are always looking for ways to raise production. One proven way is to offer employees a healthy benefit package. Research shows employees value benefits far more than many bosses realize. What else should you know about employee attitudes about benefits and about your company? Read on to find out.

Benefit Tax Issues

IRS Explains Rules for Tax-Free Perks

Which fringe benefits are taxable and which are not? Sometimes, even IRS agents have difficulty telling them apart. To help its field personnel, the IRS has a training manual on the tax treatment of fringe benefits. Click "Full Article" to find out what the manual includes.

"We formerly had our employee benefit plan audit with one of the 'Big Four' national accounting firms, but knew that we were not getting the attention and service we needed. Making the switch to Gray, Gray & Gray was like night and day! We are getting the same degree of competence and experience, but with a much higher level of service. At much more reasonable fees, too!"
-New England Sports Network (NESN)
