Managing Through A COVID-19 Winter, Growing By Meeting Challenges

As Featured in Butane-Propane News

Marty Kirshner, partner and chair of the energy practice at Gray, Gray & Gray LLP, is featured in the Butane-Propane News article "Managing Through A COVID-19 Winter, Growing By Meeting Challenges". The article discusses highlights from the "Managing Through a COVID-19 Winter" webinar hosted by four prominent firms in the propane and heating oil industries in November. Among the highlights: Generate Cash Flow. Kirshner noted the importance of cash flow in being prepared for the costs and risks of COVID.

Round Two - More Relief is on the Way

In case you missed last week's webinar or would like a refresher on the information shared, now you can access the recording online.

The stimulus relief bill passed by Congress and signed by the President at the end of 2020 includes \$284 billion for a second round of small business loans through the Paycheck Protection Program (PPP). If you missed out on the first round of PPP, this is your chance to

take advantage of this helpful program. Plus, businesses that applied for and received a PPP loan in the "first draw" (and spent all the funds) are eligible to apply again.

During this webinar Gray, Gray & Gray helps small businesses understand eligibility for a PPP loan, navigate the application process, and develop a strategy to use available PPP funds in order to maximize loan forgiveness. [Jim DeLeo](#), [Kelly Berardi](#), [Brad Carlson](#), and [Derek Rawls](#) explain the key components of the second PPP program and what you need to know to apply. Watch the recording now.
