Where Is Your Employee Retention Credit Refund?

The Internal Revenue Service (IRS) has not hidden the fact that it is backlogged in processing millions of tax returns, including payroll tax returns. Among the reasons for the backup is an unexpectedly high volume of Employee Retention Credit (ERC) refund requests. This has left many businesses waiting longer than expected for their refund.

How Does the New Massachusetts Entity-Level Excise Tax Work?

While the 2017 Federal Tax Cuts and Jobs Act lowered corporate tax rates and doubled the standard deduction, it also included a provision that limited annual itemized deductions for state and local taxes to \$10,000. This cap on "SALT" deductions has prompted several states to introduce a "workaround" that allowed owners of pass-through businesses to offset this cap by electing to pay a pass-through entity (PTE) business excise tax.

Benefits Administration

Improved Workplace Injury Coding System Now Required

A change in the way workplace injuries are coded may save your company money. The previous system had grown obsolete and inflexible, allowing for too many mistakes. The updated coding system, known as ICD-10, eliminates many errors by incorporating greater specificity into the reporting process. Here's an overview of how ICD-10 works.
