Managing the Financial Aspects of Expansion and Diversification

By: [Marty Kirshner, CPA, MSA](#), & [Bill Constantopoulos](#)

For fuel dealers who have spent years building a solid delivery operation, the move into new territories, additional product lines, or acquired businesses is exciting, but it introduces a layer of financial complexity that most back-office systems were simply never designed to handle. If you're running your financials on QuickBooks or relying on the reporting tools built into your dispatch and delivery platform, you may be managing a mid-sized energy company with the financial infrastructure of a small retail shop. That gap matters. **Read the full article [here](#).**

Gray, Gray & Gray's Sage Intacct & Advisory Services team assists clients across many industries and has a special focus on energy companies. Explore more [here](#).

Are Old Habits Costing Your Family Business?

Many family business owners accept business decisions made by parents or grandparents without questioning their current validity. But maintaining outdated practices or continuing to employ under-performing family members are generally detrimental to the bottom line. This article urges business owners to take an objective look at their operations.
