

Designing & Building Your Future

September 2026 Issue

Should You Restructure Your Architecture & Engineering Firm to Save on Taxes?

Most architecture and engineering (A&E) firms in Greater Boston should remain exactly as they're structured. That was true when the Tax Cuts and Jobs Act first cut the corporate tax rate to 21% in 2018, and it's truer now. The pass-through deduction that lets S corps, partnerships and LLCs compete with the lower C corp rate has just become a permanent part of the tax code. For nearly every A&E firm in Massachusetts, converting to a C corp to chase a lower rate is still the wrong move.

2026 Summer BBQ & Backpack Drive

Last month, team members enjoyed an afternoon of collaboration, community service, and celebration at our annual Summer BBQ and Backpack Drive. The event featured a BBQ lunch hosted by our Partners and a raffle offering a variety of prizes. One of the most rewarding parts of the day was assembling backpacks for local students through our partnership with the Boys & Girls Club of Dorchester. Working together, our team filled backpacks with donated school supplies, helping ensure students are prepared for a successful start to the school year.

We are grateful for opportunities like this to come together as a team while supporting our community. Events such as these reflect our commitment to making a positive impact and helping students begin the school year with the resources they need to succeed.
